

CERTIFICATION BODY FOR CONSTRUCTION PRODUCTS TS GEING KUK

QUALITY POLICY

The Quality Policy of TS GEING KuK is based on the commitment to continual development of GEING Krebs und Kiefer International & others Ltd., through meeting the requirements of the standard MKC EN ISO/IEC 17065:2012.

The goal of the Quality Policy is maintenance and continual improvement of the quality of services in the field of certification of construction products, continual enhancing of the overall technical competency and expertise, i.e. maintaining and improving the implemented quality system.

The Quality Policy is implemented by means of:

- Continual meeting of legal requirements and standards
- Continual compliance with the requirements of manufacturers/authorized representatives through safeguarding their interests, guided by the principles of professional ethics
- Continual improvement, training, and proficiency of the appointed personnel
- Enhancing the work ethic and motivation of the appointed personnel
- Increasing the satisfaction of everybody who has an interest in the successful working of TS GEING KuK
- Establishing long term and stable cooperation with suppliers and partners
- Meeting the expectations of high expertise, credibility, impartiality, efficiency, and equal application of the prices of the services
- Rendering services which are equally available to all manufacturers/authorized representatives of products in the field of our competency and authorization
- Adopting a nonselective approach towards the manufacturer/authorized representative with regards to their size and importance by TS GEING KuK during certification, through which TS GEING KuK assures that the certification does not depend on the number of previously issued certificates
- Maintaining the status of a notified body for assessment and verification of the constancy of performance of construction products

TS GEING KuK guarantees that the certification is impartial, independent, and professional.

Every appointed person in TS GEING KuK is fully acquainted with the requirements of the standard MKC EN ISO/IEC 17065:2012, the procedures and rules of certification of TS GEING KuK, as well as with their authorizations and responsibilities. They acknowledge this by signing individual statements.

The meeting of the requirements and the continual improvement of the efficiency of the quality management system in accordance with MKC EN ISO/IEC 17065:2012 is our commitment. All appointed personnel in TS GEING KuK contribute to the application and improvement of the system.

The Quality Policy represents a framework for implementing the quality goals.

Skopje,
